GRUMA TO BUILD A NEW TORTILLA AND TOSTADA PLANT IN PUEBLA

San Pedro Garza García, N.L., Mexico; December 02, 2016 – GRUMA, S.A.B. de C.V. (“GRUMA”) (BMV: GRUMAB) announced today the construction of a new plant in Huejotzingo, Puebla, for the production of corn and wheat tortillas, tostadas and corn chips, which will be aimed at satisfying the needs of the central area of Mexico.

This project will be carried out in three tranches, at a total investment of up to Ps.1,000 million, with production capacity of 50 thousand tons upon completion. The investment of Ps.500 million for the first tranche is expected to be made in 2016-2017 providing sufficient capacity for growth over the next five years. Thereafter and, if needed, in line with growth in market demand, the second tranche will be initiated with an investment of approximately Ps.250 million. The total investment plan is not committed at this time and will be carried out pursuant to sales performance in corn and wheat tortillas, tostadas and corn chips in Mexico.

Including this plant, Mission-Mexico will have three plants in the country and will continue to consolidate its position as the leading company at a national level for the production and distribution of tortillas and tostadas in self-service stores.

ABOUT GRUMA

Since 1949, GRUMA, S.A.B. de C.V., is one of the world's leading tortilla and corn flour producers. With leading brands in most of its markets, GRUMA has operations in the United States, Mexico, Central America, Europe, Asia and Oceania. GRUMA is headquartered in San Pedro Garza García, Mexico, and has approximately 20,000 employees and 75 plants. In 2015, GRUMA had net sales of US\$3.4 billion, of which 73% came from non-Mexican operations. For further information, please visit www.gruma.com.
